

Two versions to meet your needs ("A is for the apples that grow on trees BOOK" and "A is for the apples that grow on trees CHOICES")

Endless opportunities for this A-Z Farm book include:

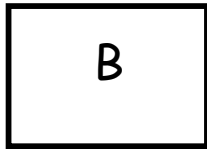

- used on the Smartboard = students can drag the objects to match to the letter or to match the vocabulary
- printed as a book = email to parents for home carryover, print for the classroom library
- cut for alphabetizing task
- put on cards for the language master card reader
- used on a word wall
- used to make a cut/paste activity for vocabulary (I also used the CHOICES version to make a reusable book with Velcro.

I found the poem online from an anonymous source and added the pictures and letters to adapt to my students' needs.

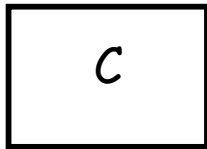

A is for the apples that grow on trees.

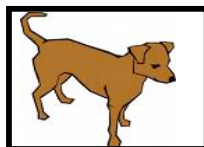

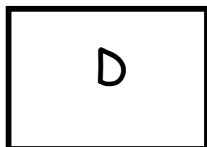

B is for the barn where animals live.

C is for the cow that gives milk.

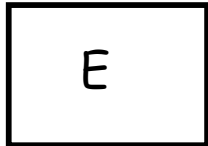

D is for the dog that guards the sheep.

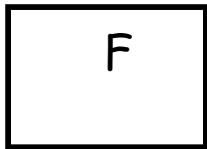

---

These are things found on a farm.

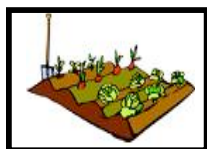

E is for the eggs we eat for breakfast.

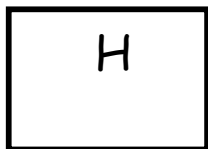

F is for the farmer who works on the farm

G is for the garden where food is grown.

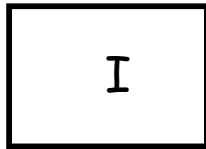

H is for the horses and the hay they eat.

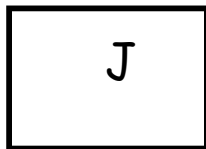

---

These are things found on a farm.

I is for the ice cream that is made from milk.

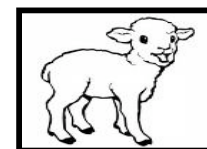

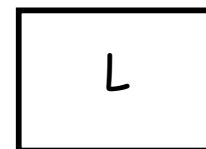

J is for the jelly that we eat on toast.

K is for the kids which are baby goats.

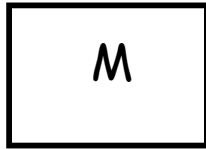

L is for the lambs that supply us with fleece.

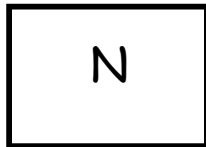

---

These are things found on a farm.

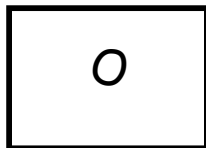

M is for the milk that we like to drink.

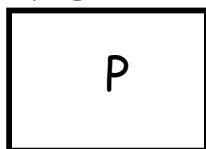

N is for the nest in which eggs are laid.

O is for the overalls that some farmers wear.

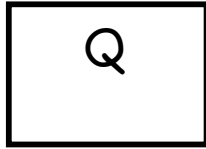

P is for the pigs that cool off in the mud.

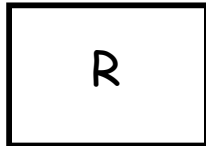

---

These are things found on a farm.

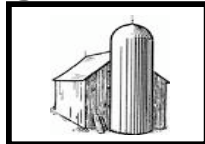

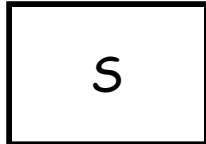

Q is for the quilts that keep us warm.

R is for the rooster who crows in the morning.

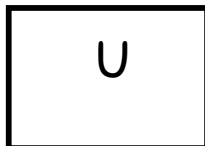

S is for the silo where grain and silage is kept.

T is for the turkey we eat at Thanksgiving.

U is for the udder that holds a cow's milk.

---

These are things found on a farm.

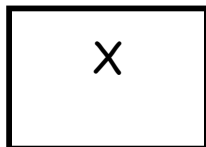

V is for the vines where pumpkins grow.

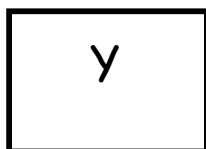

W is for the wool that we get from sheep.

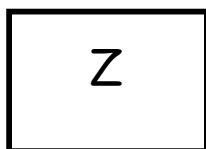

X is for X-mas tree farms where we buy Christmas trees.

Y is for the yarn that is made from fleece.

Z is for the zinnia, a flower that's nice.

---

These are things found on a farm.
