

Instructions for Activity Pretzel activity

You will need chocolate morsels, pretzels, lollipop sticks, plastic mold for smiley face lollipops, microwave, bowl, spoon, sprinkles and wax paper.

To melt chocolate: put chocolate morsels in bowl and melt at 30 second intervals. Then stir until chocolate is completely melted.

Dip pretzels in chocolate then lay flat on wax paper. If children want sprinkles do so before the chocolate hardens.

This activity is great for direction following, sequencing, and vocabulary development.
