

Cut out rabbits. Fold in half, then fold white tabs. Paper clip tabs together. This will weight the rabbits so that they stay upright on the game board but can be stored flat.

Game instructions:

Game can be used to teach Easter/Spring vocabulary by discussing the items on which players land or used for any other articulation or language objectives that lend themselves to table games. Turn playing cards face down in a pile. Draw one card for each turn. The number of eggs on the card determines the number of spaces to move. If you have more than two players you will need to use the cards more than once. Place used cards face-up in discard pile so they will be ready to use again.
