

Guess Who??

Guess Who ??

This game is played just like the "Guess Who" commercial game. A card is selected to choose whom the questions will be about. Players ask questions to eliminate who the selected person is.

E.g.

Is the person a girl/boy?

Does the person wear glasses?

Does the person have black hair?

etc.

This game has equal numbers of males/females and easy to read names!!

I use foam pieces cut from die cuts or purchased from craft stores/Oriental Trading for marking off squares eliminated.
