

# I need to follow the rules in school

- There are a lot of rules to follow when I am at school.

- Rules help keep me safe and help me learn.
- Sometimes I need a break when I am at school and that's OK.

- Sometimes when I need a break, I choose not to follow the rules. This is not OK.

- When I don't follow the rules at school -This makes my teachers sad and my friends look at me funny.

- When I need a break at school, I will ask the teacher if I can take a break.

*"May I take a break"*

- I will try to follow the rules at school

# My friends don't need my help following the rules

- There are a lot of rules to follow at school.

- Rules help keep us safe and help us learn.
- I notice when my friends are not following the rules and that is OK.

- Sometimes when my friends are not following the rules – I tell the teacher what my friends are doing wrong.

- When I tell the teacher that my friends are not following the rules – this makes my teacher sad.

- I need to know when I am not following the rules at school and not worry about my friend's choices.

- I will try to not tell on my friends.
