

How Loud is Too Loud?!

Decibels

150	Firecracker
120	Ambulance siren
110	Chain saw, Rock concert
105	iPod at maximum volume
100	Wood shop, Snowmobile
95	Motorcycle
90	Power mower
85	Heavy city traffic
60	Normal conversation
40	Refrigerator humming
30	Whispered voice

Anything above the line in RED means that a long exposure to these noises can cause a *NOISE INDUCED HEARING LOSS.*** Take care... **WEAR EAR PLUGS!!!!****
