

Speech Homework Reminder

Contributed by Joan Altimore, Central Bucks (PA) School District, 9/2002

This is a reminder sheet for students who forget their speech homework, folder, etc. I put this in the teachers' mailbox so they know of the problem as well. Often, the teachers will instruct the student to write the assignment in their homework log. This gives the teachers the opportunity to let the students know that they think completion of speech homework is important.
