

SPEECH AND LANGUAGE SUMMER PROGRAM

To: Parents or Guardians
RE: Summer Speech/Language Program
Date:

It's almost that time of year again. We are all looking forward to a relaxing summer break after a long school year.

A major role in the development of your child's speech and language is played by you, the parent. Daily home activities can provide numerous opportunities for you and your child to improve his or her speech and language skills. Since communication skills are so important for success in school, every child can benefit from their continued development.

I am in the process of working on a speech and language summer program for those who are interested. The program consists of short activities for you and your child to do throughout the summer. The activities have been designed to be brief and enjoyable.

If you are interested in receiving a speech and language summer program, please return the bottom of this form by_____. In conservation of paper, I will only send packets home for those interested.

Speech and Language Summer Program

I am interested in receiving the speech and language summer program.
