

## SPEECH AND LANGUAGE SUMMER PROGRAM

The attached calendar of speech and language activities is for you and your child to use together. It has been prepared to help your child maintain his or her present skill level during the summer recess. These activities have been designed to be brief and enjoyable.

If your child is working on a particular speech sound (i.e., /s/), focus his or her responses on that specific sound.

- Say the word 5 times using your good speech sound.
- Use the words in a sentence using your good speech sound.
- Self-monitoring of the specific sounds in describing, explaining, or story-telling activities.

If your child is working on improving their language skills, encourage them to answer the questions using complete sentences that are meaningful to the question being asked. Verbal and visual cues may be necessary to help them respond appropriately.

As you complete each activity, draw a smiley face ☺ on that date. A separate calendar has been provided for keeping track of the days you've practiced.

A prize will be given to each child who completes the speech and language summer program. Good Luck... I look forward to seeing you in September.

**HAVE A FUN AND SAFE SUMMER!!**
