Re: \_\_\_\_\_

Date: \_\_\_\_\_

I am working to help this student generalize speech/language skills to curricular assignments in the regular classroom. Would you please assist me by providing one or more of the items checked below?

- A typical worksheet the student would be expected to do in your class
- Examples of basic concepts this student doesn't seem to understand
- A story you have recently read in class
- A topic you have recently covered in science/social studies
- A list of vocabulary words relating to a current unit or story
- A sample of an assignment this student found difficult
- A sample of this student's written language
- A current or future writing topic this student needs to address
- Notice of any upcoming Authors' Teas, book reports, oral presentations
- \_\_\_\_\_

I will stop by your classroom to pick up any items you have for me, or you could place them in my mailbox by \_\_\_\_\_.

Thanks for your assistance.
