

The Bear Went

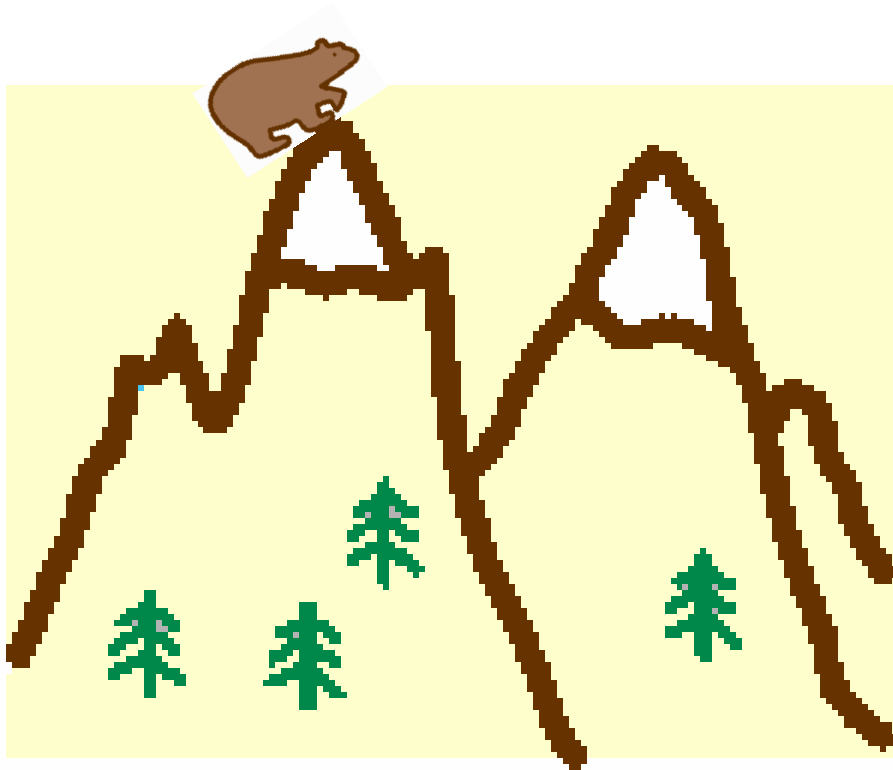

Over The Mountain

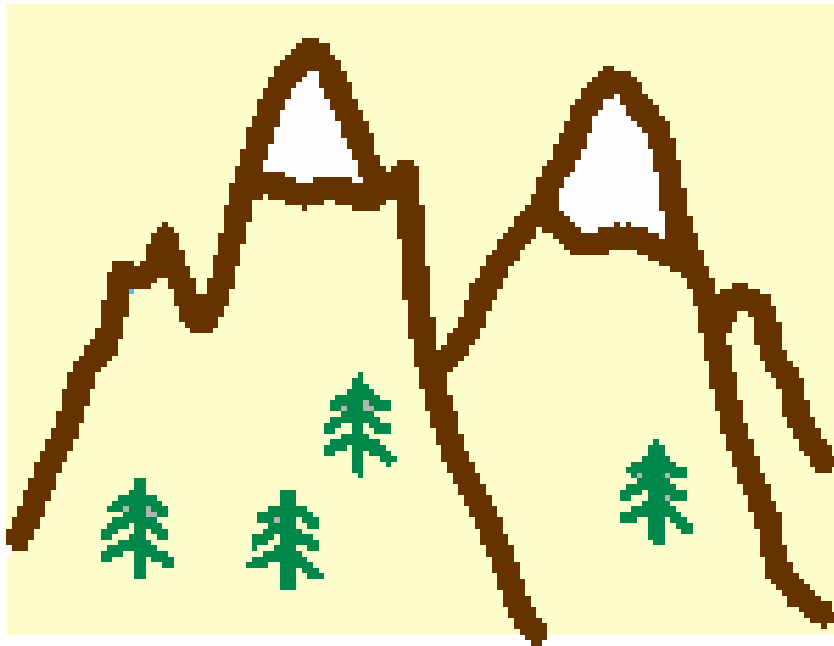

A PREPOSITIONS STORY AND SONG

The bear went over the mountain.
The bear went over the mountain.
The bear went over the mountain,
to see what he could see!

And all that he could see.
And all that he could see.
The other side of the mountain,
was all that he could see!

The bear went under the mountain.
The bear went under the mountain.
The bear went under the mountain,
to see what he could see!

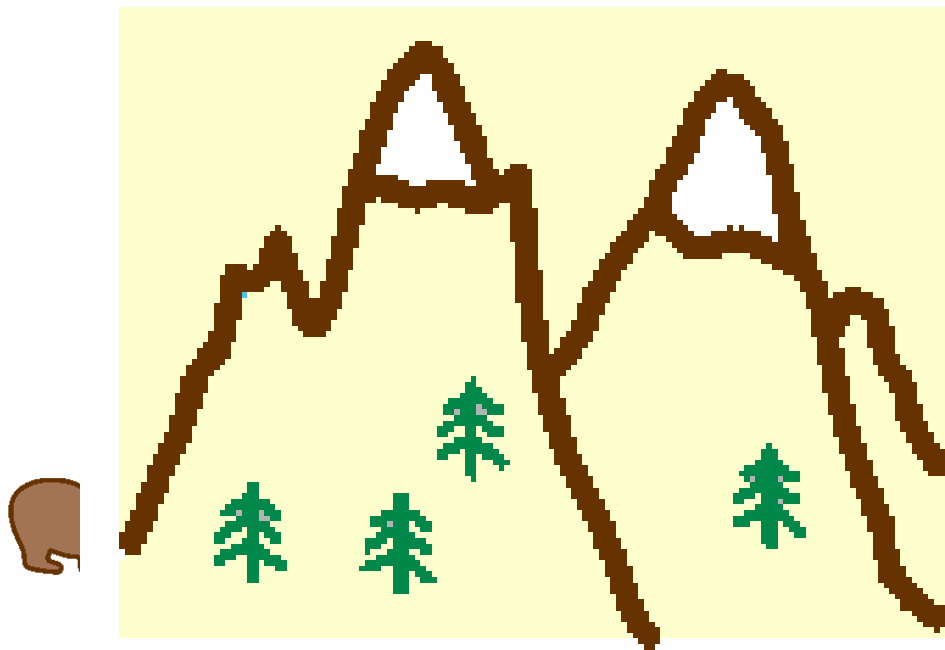

And all that he could see.
And all that he could see.
The underside of the mountain,
was all that he could see!

The bear went in front of the mountain.
The bear went in front of the mountain.
The bear went in front of the mountain,
to see what he could see!

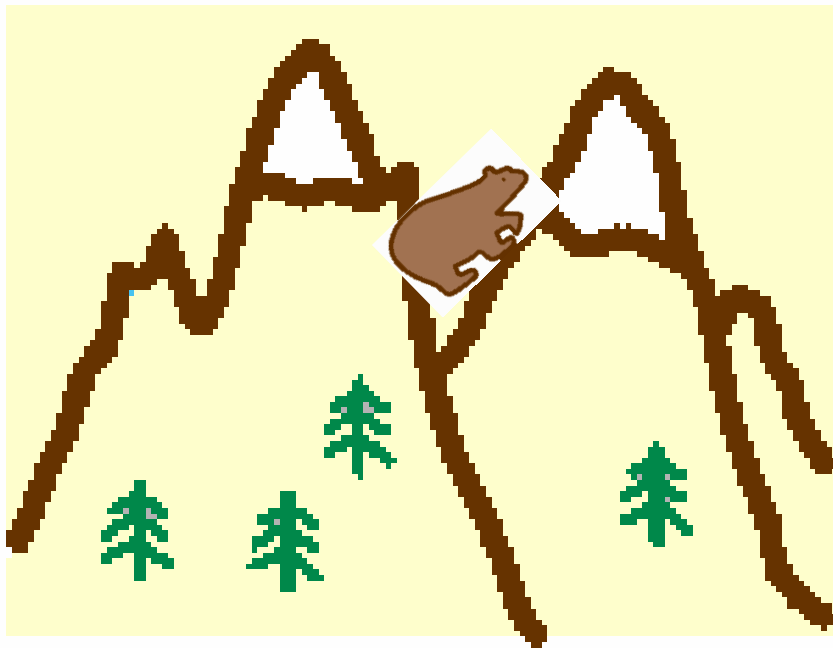

And all that he could see.
And all that he could see.
The front side of the mountain,
was all that he could see!

The bear went behind the mountain.
The bear went behind the mountain.
The bear went behind the mountain,
to see what he could see!

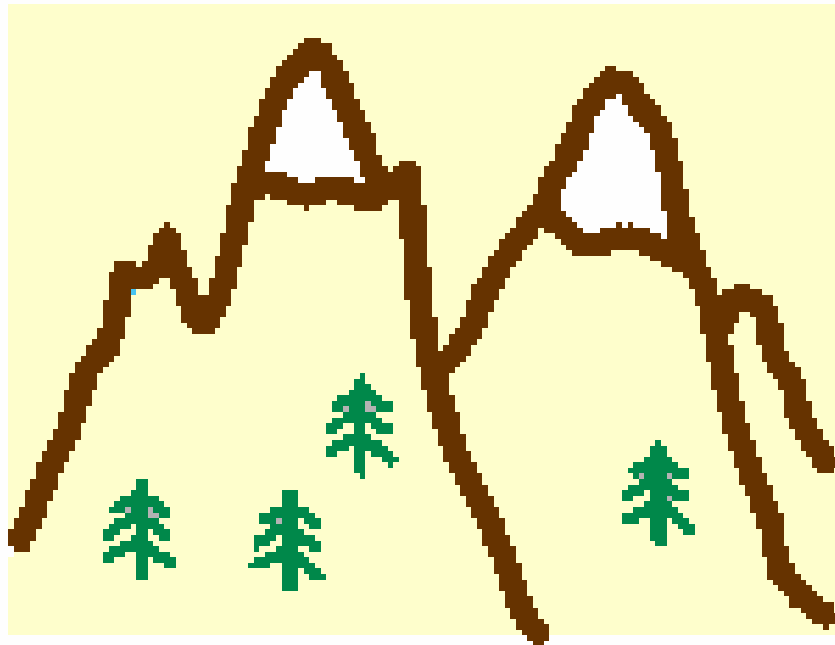

And all that he could see.
And all that he could see.
The back side of the mountain,
was all that he could see!

The bear went between the mountains.
The bear went between the mountains.
The bear went between the mountains,
to see what he could see!

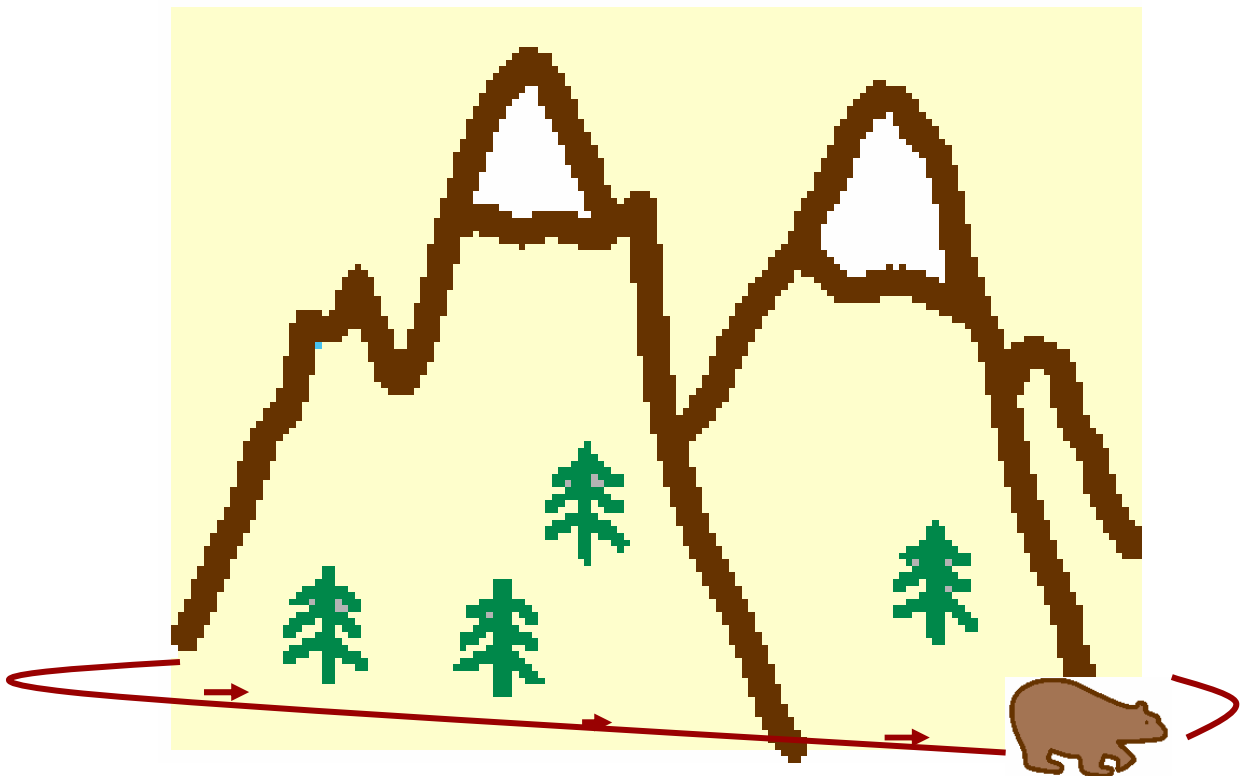

And all that he could see.
And all that he could see.
The middle of the mountains,
was all that he could see!

The bear flew above the mountain.
The bear flew above the mountain.
The bear flew above the mountain,
to see what he could see!

And all that he could see.
And all that he could see.
The top of the mountain,
was all that he could see!

The bear went around the mountain.
The bear went around the mountain.
The bear went around the mountain,
to see what he could see!

And all that he could see.
And all that he could see.
The outside of the mountain,
was all that he could see!
