

Print on card stock--one copy per student. Cut large letter cards apart, shuffle well, and place in the center of the table. Give each player a blue WINTER board. Use any stimulus materials (artic cards, vocab questions, curricular materials, etc.). Each student in turn will perform the stimulus task. If correct, the student will choose the top card in the pile. If the student needs the letter drawn, the letter will be placed on the student's WINTER board. If the student already has the letter, the card is returned to the center of the table in a discard pile. Play continues until one or all students have spelled the word WINTER.
