

2009 World Series Reinforcement Game Directions

Print on card stock one black/white team name per student. Do not cut apart. This will be the board on which the student builds the team name.

Print on card stock one colored team name per student. Cut apart, shuffle well, and place face-down in a pile in the center of the table.

Use any stimulus materials (artic cards, vocab questions, curricular materials, etc.). Each student in turn will perform the stimulus task. If correct, the student will choose the top card from the pile. If the student needs the letter, the letter will be placed on the student's team name board. If the student already has the letter or it isn't on his board, the card is returned to the center of the table in a discard pile. Play continues until one or all students have spelled their team name.
