

May 2010

Dear Parents:

I have enclosed a calendar of daily articulation activities that you can complete with your child each day over the summer. It is important that you continue to encourage your child to use good and clear speech sounds over the summer break so he/she will keep developing good articulation.

To use this calendar, simply complete the activity each day. No activity will take longer than 20 minutes; most range in time from 2 minutes to 5 minutes. I have also attached a letter on language you can use with your child to encourage him/her to self-correct speech sounds when they are produced incorrectly. The handout and a power point presentation for parents and professionals is available free on Caroline Bowen's website and comes from this address:
<http://www.speech-language-therapy.com/tx-/fixed-up-one-original.pdf>.

Enjoy your summer break and I look forward to seeing my speech/language students again in the fall.

Thank you so much for all your efforts and support.
