

Sponge Bob went to Food Lion to get groceries. He needed to buy some

cold items, such as, milk and butter. He also needed to buy some other

items, such as, bread and chips.

When Sponge Bob got home, he had to put all of the groceries away.

The cold items needed to be put into the refrigerator and the other items had

to be put into the pantry or on a shelf.

Let's help Sponge Bob put all of the groceries where they belong.

Who went to the store? \_\_\_\_\_

Where did the Sponge Bob go? \_\_\_\_\_

What did he need to buy? \_\_\_\_\_

Where do the cold items belong? \_\_\_\_\_

Where do the other items belong? \_\_\_\_\_

## Social Story Directions

- May be used with upper Elementary to High School students
- Print off pictures of grocery items from the internet.
- Read the social story and ask the related questions.
- Have the students place the grocery items next to or around the appropriate location (refrigerator or pantry).
