

"A Trip to the Zoo" - Speech game for home

Targets: practice with making "p," "b," "m" sounds in 1 and 2 syllable words in short phrases.

Material: Game board, game pieces, and a dice or spinner

Directions: Take turns moving your game piece around the zoo. When a player lands on a space, they should say the word on the space (baby, mommy, or big) with the closest animal. The whole phrase should be "a baby deer," or "a mommy panda."

Variations:

- Find small toy animals and place them on the board on top of another animal. Use them in place of one or more of the other animals.
- Put pennies or candy on each space, and have the child say the phrase to get the pennies/candy.
